Effective as of January 1st, 2025 my hourly rate is \$150.00 per hour, plus HST. There is a two-hour minimum for all shoots. The rate is applied from the time I am requested to arrive, until the agreed upon end time. In the event that a shoot goes longer than anticipated, there is a half-hour charge after the first 15 minutes over time and the full hourly rate is charged at 30 minutes over time. In shoots requiring lighting set ups, the rate applies from when set up starts until the agreed upon end time.

Included in the rate are all usable images (edited for content and convenience) captured during the shoot, which are delivered via Dropbox. The images are available to you on Dropbox for a minimum of six months. It is recommended that you download the images and place them on your own cloud-based storage service or other secure location as soon as possible to prevent any potential losses. The images provided are full-resolution jpegs, which are yours to use royalty free. None of the images are watermarked.

For shoots requiring seamless backdrops, there is a charge of \$40.00 plus HST, per tear. There is also a charge for any incidentals incurred (such as parking) the cost of which is not marked up. For travel outside the GTA, a quote for mileage can be requested at the time of booking, but is generally billed at \$0.50 plus HST per kilometre.

These rates apply until further notice.
